Case 1021A & Case 1021B
Mr. Robert Winger vs. Dr. Timothy Knotts

Dear Dr. Knotts,

The WV Board of Veterinary Medicine "Board" reviewed the patient medical records that you submitted, and they suggest that going forward your patient medical records should document medications administered and dispensed. In regards to "Roxy's" patient medical record where it is documented "no histopath", the Board recommends documenting any services declined by the owner.

Please be advised that since you have successfully completed the terms of your Consent Agreement and Order, your disciplinary complaint file is now closed. Please do not hesitate to contact me should you have any questions.

Sincerely,

Patricia A. Holstein
Executive Director
